

Small Scale PRICO[®] LNG

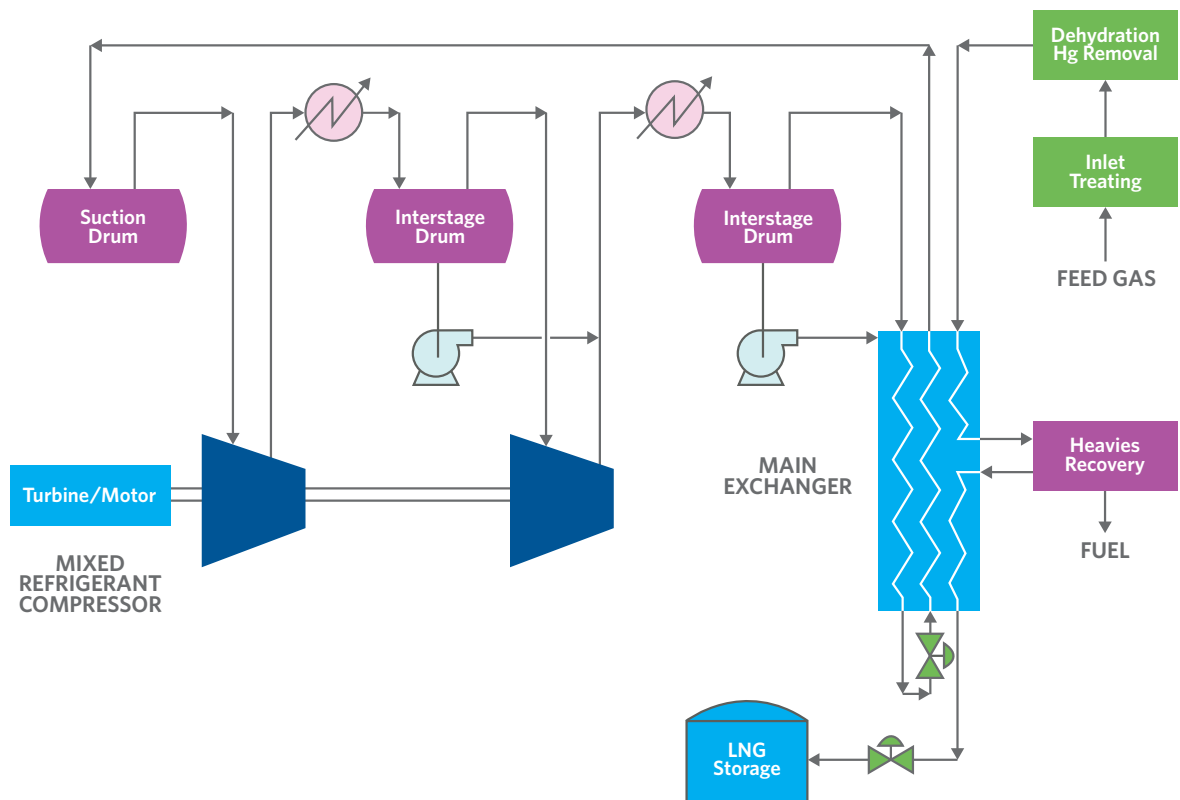

**A PROVEN SOLUTION FOR MAKING THE SWITCH
TO LIQUEFIED NATURAL GAS (LNG) EASIER, FASTER
AND MORE COST EFFECTIVE**

Small Scale PRICO® LNG

Black & Veatch and Honeywell UOP's proven strengths combined, are the best path to provide the fastest schedule, with predictable, consistent results.

PRICO® LNG ADVANTAGES FOR YOUR BUSINESS:

- Fuel Cost Savings
- Lowest Life Cycle Cost
- Faster schedule for speed to market
- Low Horsepower Requirement
- Pre-Engineered Capacity Adjusted For Localized Demand
- Ease of Maintenance and Operation
- Operational Flexibility
- Reliability
- Seamless Project Delivery

SMALL SCALE PRICO® MODULARIZED STANDARD PLANT

A ONE-STOP FULL TURNKEY SOLUTION FOR SMALL SCALE LNG PLANTS, COMBINING:

- Black & Veatch’s proven PRICO® natural gas liquefaction technology
- Black & Veatch’s Engineering, Procurement and Construction (EPC) capabilities
- Honeywell UOP’s industry leading gas treating expertise
- Honeywell UOP modularized equipment offerings

PRICO®★ SMR TECHNOLOGY

Applied across a broad range of plants/gas compositions

- 176 MM tonnes of LNG produced
- 30 PRICO® operating plants
- Covered by three U.S./international patents

*The PRICO® Process is Black & Veatch Corporation’s proprietary LNG liquefaction technology.

INDUSTRIES WE SERVE:

- Rail
- Marine
- Trucking
- Power
- Other Off-road/ High Horsepower (HHP)
- Mining
- Virtual Pipeline
- Flare Gas Reduction
- Biogas Monetization

Our Alliance

Black & Veatch and Honeywell UOP have combined our strengths to ensure an easier, faster, cost effective, and reliable switch to LNG for our clients. Together, we deliver projects on time and on budget, meeting our clients expectations.

ABOUT BLACK & VEATCH

Black & Veatch is an employee-owned, global leader in building critical human infrastructure in Power, Oil & Gas, Water, Telecommunications and Government Services. Since 1915, we have helped our clients improve the lives of people in over 100 countries through consulting, engineering, construction, operations and program management. Our revenues in 2016 were US \$3.2 billion. Follow us on www.bv.com and in social media.

ABOUT HONEYWELL UOP

HONEYWELL UOP provides processes, technologies and equipment for gas processing, refining and petrochemical industries. Since 1914, Honeywell UOP has developed more than 70 licensed processes for the industries we serve. Providing gas processing solutions for more than 60 years, Honeywell UOP is the world's leading process technology licensor and equipment provider for gas treatment and conditioning. Honeywell UOP has supplied technology to more than 3,600 process units for gas processing in a broad range of applications.
