Environmental Solutions

Experience and commitment to building a sustainable world.

Black & Veatch is committed to helping meet the environmental challenges our clients face around the world. We back up that commitment with an outstanding group of scientists, engineers, planners and technicians with the expertise and training to support your project from start to finish.

Fifty years of successful service to agencies of the U.S. Government have earned Black & Veatch a reputation for delivering innovative, effective and timely solutions to the most complex environmental challenges.

Our clients include the U.S. Army Corps of Engineers, Air Force Center for Engineering and the Environment (AFCEE), U.S. Environmental Protection Agency (USEPA), Federal Emergency Management Agency (FEMA), U.S. Department of Energy (DOE), the U.S. Coast Guard and numerous other Federal, state and local agencies. With the capacity to draw from more than 9,000 professionals in offices across the world, Black & Veatch is uniquely positioned to meet the stringent technical requirements of your project.

Specialty Areas of Service

- Acid Mine Drainage Mitigation
- Air Quality Permitting
- Coastal Restoration
- Disaster Response
- Ecosystem Restoration
- Environmental Compliance
- Environmental Conservation/NEPA
- Environmental Due Diligence
- Environmental Health and Safety
- Environmental Investigations
- Flood Plain Management
- Geotechnical Investigations
- GIS/Automated Data Management
- Hazardous Waste Management
- HTRW Activities
- Leadership in Energy and Environmental Design (LEED)
- Operations and Maintenance
- Performance Based Cleanup
- Pollution Prevention
- Site Remedial Actions
- Solid Waste
- Sustainable Design
- Treatability Studies
- Water/Wastewater/Stormwater
- Wetlands Mitigation and Restoration

Black & Veatch Experience

Assessment

- Munitions Site Assessments, Nellis AFB, NV, Avon Park AFR, FL – US Army Corp of Engineers, Omaha
- Abandoned Mine Drainage Assessments, SE and Central United States – EPA Regions 4 & 7
- CERCLA/RCRA Site, Ecological and Human Health Risk Assessments – EPA Regions 3, 4, and 7
- Geotechnical/Environmental Site Assessments for Missile Defense Locations, Eastern Europe and Hawaii – US Army Corp of Engineers, Europe District

Compliance & Resource Management

- GIS & Floodplain Hydraulic Modeling, NW, Central, SE United States – FEMA Regions 4, 5, 7 & 10
- Pollution and Stormwater Prevention Plans, Pope AFB, NC, Tyndall AFB, FL, Fort Riley, TX – US Army of Engineers & AFCEE
- Environmental Impact Statement (EIS), San Juan, Puerto Rico, Private Client
- Coastal Erosion Program Assessment, Romania Ministry of Environment – US Trade and Development Administration

Design/Remediation

- Design/Construct 1,000 gpm Groundwater Treatment System, KS – EPA Region 7
- Design/Construct 18-acre Containment Landfill Holding 550K CY of soil, FL – EPA Region 4
- Design/Construct Containment and Treatment Barrier Walls, PA, GA, SC, FL, – EPA Regions 3 & 4
- Design/Full Scale Test In situ Thermal Treatment for NAPL, NC, FL – EPA Region 4
